Stirling chair
with NHC Cyclo-Therapy®

ADJUSTAMATIC
COMFORT YOU CONTROL

Stirling

With luxurious, thick padding, our Stirling chair is one of the most comfortable riser recliner chairs we've ever designed.

Outstanding comfort combined with traditional British craftsmanship is what makes it so remarkable. It combines the very latest dual motor technology that allows each section – the back, seat and leg – to adjust independently as well as recline fully, all at the touch of a button.

The combination of our extra thick padding with our unique NHC Cyclo-Therapy® system results in the ultimate in pain relieving therapy. We have a wide range of fabrics available so you can customise your Stirling chair to suit your own personal style and requirement's. You can even choose your preferred option from one of three seat backs and one of three sizes.

To compliment the Stirling riser recliner chair we also have matching 2 and 3 seater sofas available.

NHC Cyclo-Therapy®

Our medically proven NHC Cyclo-Therapy® system, used within healthcare and backed by over 25 medical papers, delivers both pain-relieving and circulation stimulating therapy. The cycloid action comprises of a multi-directional wave moving up and down, sideways and in a circular direction all at the same time.

The result is a deep penetrating massage, providing a multitude of benefits with no harmful side effects.

New Pillow back

Unique to the Stirling chair range is our brand new pillow back design option which is one that is both extremely comfortable whilst being supportive. The tightly padded sections have been designed with your comfort in mind providing the right amount of support to allow you to sit comfortably at all times.
